

FAIRGATE

A complete line of measuring tools for the art, drafting, engineering and design fields.

All FAIRGATE

T-squares feature hard, tempered aluminum blades for accuracy and long life. Blades are securely riveted to rugged, impact-resistant, Lexan® heads with increments for horizontal measuring. Be sure you're getting the finest T-square available – look for the distinctive blue head that means FAIRGATE quality.

STANDARD DUTY 9" WIDE HEAD	
NO.	BLADE LENGTH
63-112	12"
63-115	15"
63-118	18"
63-124	24"
63-130	30"
63-136	36"

HEAVY DUTY 2" WIDE BLADE		
NO.	BLADE LENGTH	HEAD LENGTH
60-124	24"	14"
60-130	30"	14"
60-136	36"	14"
60-142	42"	14"
60-148	48"	16"
60-160	60"	16"
60-172	72"	16"
60-196	96"	16"

- Full range of sizes from 12 to 96 inches.
- Clear, accurate increments on blade and head.
- Blades calibrated in 8ths and 16ths; heads calibrated in 8ths.
- Metric calibrations available.
- Standard model ideal for students; heavy-duty model meets demands of professional use.
- All sizes and models available with non-slip cork backing.

FAIRGATE

A complete line of measuring tools for the art, drafting, engineering and design fields.

All FAIRGATE rules meet the highest standards for durability and accuracy. And a huge selection of sizes and increments means you can find just the rule you need no matter what the job at hand. Whether you choose durable, light-weight aluminum or precision etched stainless steel, FAIRGATE means quality in measuring tools.
